

## MICROWAVE BOWLS

Require: 100% fabric, batting and thread

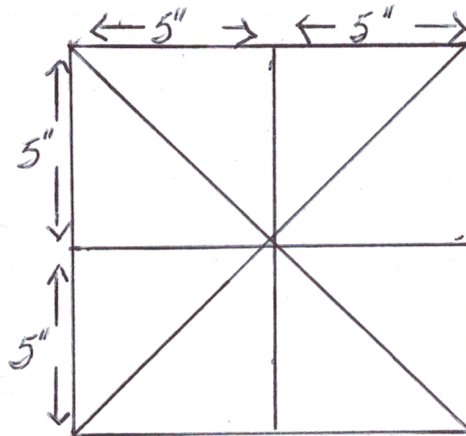

### Standard Bowl:

2 10 inch fabric squares (co ordinating colours or colours of your choice)

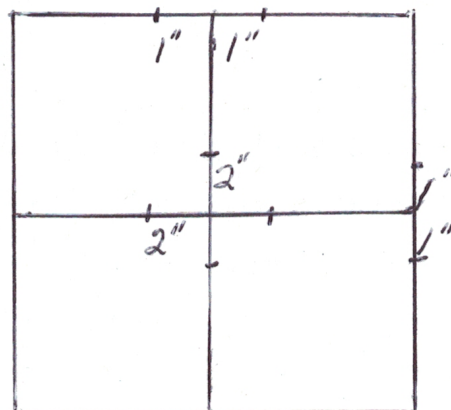

1 10 inch piece of 100% cotton batting

Place 1 fabric square and one batting together (batting on wrong side of fabric) pin together

On second piece of fabric and on the batting piece draw lines as follows and stitch on the drawn lines

Measure up 2 inches and mark on vertical and horizontal lines from intersection of lines as shown (on both pieces). This measurement gives you the size of your base.

Measure over 1 inch on either side of vertical and horizontal lines as shown (as above diagram)
